with a apocalypse caused by an unknown disaster. "Featuring a gripping narrative, top-notch game play and a unique apocalypse event, Human Apocalypse is an indie adventure game unlike any you have played." "...Human Apocalypse's main thrust is to be interesting. As an indie horror title, it doesn't have the luxury of turning everything into a nightmare and chasing its story elements like other horror games. Instead, it blends its monsters, creatures and other, more traditional horror elements with the side missions that revolve around the survival-oriented gameplay. The result is something that delivers a strong story and a few scares along the way." V 2d92ce491b
