
Assassins Creed 4 Black Flag - And More!

Issues with multiplayer. From the very beginning, the game has always had issues with its multiplayer... at the time of release there wasn't a final build available for testing, no beta, the game was still in-process. As a result, everything you did in-game was entered into a database which was then exported into a file for online play. (this is a technical thing, and isn't as simple as it sounds).
