There is a principle I teach that is extremely important to understand and apply to your life and to achieve success and happiness in life. The key to understanding this is by understanding and choosing to operate from a place of love in your life, rather than fear, or judgment, or negative emotion. And since there's no one way to the same place, it's best to choose the route that resonates most with you. Every individual is unique, and each of us has our own lessons, our own vulnerabilities and insecurities. "Men go mad with each other, but women go mad with themselves." – Charles Baudelaire When we are young, our insecurities and limitations may be kept safely hidden, but as time goes on and we age, they come back to haunt us. Often when we are young our parents will tell us things like "if you are ever going to do something you are going to have to work for it" or "It's going to be hard for you, because you are not like the other girls in school, but you have to persevere" and the like. At that age we, of course, want to please our parents, and we listen to them, and we do our best to work towards the things that they think are best for us. We don't understand that what they really wanted was to feel unconditional love, so when we do the things that please them, we are learning how to turn that love on ourselves. The difficulty of growing up is that all those lessons don't easily translate into adulthood. When we are adults, we tend to want to prove ourselves, to be liked, to be accepted, to be heard, and to be taken seriously. And when we are having problems or experiencing hardships, the energy that we are putting into trying to make ourselves be worthy or accepted by others comes back to bite us in the butt. We can find ourselves angry, frustrated, and miserable, because when someone

How to include time difference also. For eg, if today is 30th june 2016, i need to get the difference of yesterday(31th june) and today(30th june 2016) if and when today is 31st june 2016, the difference of two dates should be 1 day else no difference. A: You can use the calendar class to get the number of days in a month: calendar.add( Calendar.DATE, -1 ); For example, if I want to get the difference of the two dates, I can do something like: public class DifferenceOfDates { public static void main( String[] args ) { Calendar yesterday = Calendar.getInstance(); yesterday.set( Calendar.YEAR, 2015 ); yesterday.set( Calendar.DAY\_OF\_MONTH, 31 ); yesterday.set( Calendar.HOUR\_OF\_DAY, 0 ); yesterday.set( Calendar.MINUTE, 0 ); 3e33713323
