Apr 10, 2016 I am a recent photoshop user and so I have to say that this is an amazing product especially to Photoshop and vector, but also for the fact that they never freeze it and if you have to reduce the complexity of the picture it is very easy to work with and it works really well. PS has a lot of settings that help you do a lot of good things and make your job easy. This software is not a home photoshop and it is very big and with a lot of possibilities. I recommend to try it if you are looking to do a lot of things with your photos and since it is very simple to use and install too.
