
Talisman Online Bot With Auto Pick 2021 Downloadl

BC Last script: inventory script: not working. I tried to connect 2 inventory script to this project and they both don't work. I have 3 inventories in my database (one 1 , one 2 , one 3 inventory) and I want to create one inventory item list that has a total of 3 inventories in it. I used this script to get all the inventory info I want and then
