I've got a serial key, but it didn't download.J just showed this thread on a guy that I met at the swap meet and he said his cars had this same problem. And that he was using this motor. He had an 80 chevy suburban and I asked him to go down to the local dealer and get the motor tested and see if they could find anything about the bad motor. So I took him to the dealer and they said the cheap \$25 motor he had in his car was a bad motor. The salesman looked it over for a long time and then didn't say anything. He had the sportsman 400 it had a run around power window motor so I had the guy ford the motor by himself to tell them if they needed it and why they could have it. It took the car 4
